WARRANT

State of New Hampshire

To the Inhabitants of the Town of Hinsdale
Qualified to vote in town affairs.

You are hereby notified to meet at the Grand Army Hall on Tuesday, the thirteenth day of March, 1923, at nine of the clock in the forenoon to act on the following subjects:

Article 1. To choose a Town Clerk for the ensuing year.

Article 2. To see if the town will vote to accept and adopt the report of the Selectmen, Auditors and other town officers.

Article 3. To choose a member of the Board of Selectmen for the ensuing three years.

Article 4. To choose all other necessary town officers and agents for the ensuing year.

Article 5. To see how much money the town will vote to raise and appropriate for the payment of ordinary town charges, for the support of the poor, for the maintenance of the fire department, for the lighting of streets and for all other necessary expenses arising within the town.

Article 6. To see if the town will vote to raise and appropriate the sum of twenty-five hundred dollars (\$2500) for the trunk line maintenance, and thirty-five hundred dollars (\$3500) for state aid maintenance.

Article 7. To see if the town will vote to accept state aid construction and raise and appropriate money for the same, or act in any manner thereon.

Article 8. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000) for repairing the Chesterfield Road.

Article 9. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000) to harden the Plain Road or act thereon.

Article 10. To see if the town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1500)

to aid the American Red Cross to support and maintain a nurse in said town during the ensuing year.

Article 11. To see what action the town will take to meet and pay the sidewalk notes.

Article 12. To bring in your ballots upon the question as to whether the amendment proposed by the Convention to revise the Constitution shall be approved.

Article 13. To see if the town will vote to raise and appropriate the sum of three hundred dollars (\$300) to purchase a snow roller or act in any manner thereon.

Article 14. To see what action the town will take in regard to buying the Amidon House for a public Library and Soldiers Memorial.

Article 15. To see if the town will vote to participate in the Northfield Pageant and raise and appropriate the sum of one hundred dollars (\$100) to aid in expenses of same or act in any manner thereon.

Article 16. To see if the town will vote to place and maintain a light on Cream Pot Hill between the Sargeant and Wellington place or act in any manner thereon.

Article 17. To see if the town will vote to place and maintain a street light in Stebbins Court or act thereon.

Article 18. To see if the town will vote to place and maintain a street light on Northfield Street near Cold Brook or act thereon.

Article 19. To see what action the town will take in regard to enlarging the Library Room or act thereon.

Article 20. To transact any other business that may legally come before said meeting.

Given under our hands and seal in said Hinsdale the twenty-fourth of February, A. D. 1923.

FRED A. BUCKLEY,
WILLIS D. STEARNS,
EZRA B. PIKE,

Selectmen of Hinsdale.

A true copy, Attest:

FRED A. BUCKLEY,
WILLIS D. STEARNS,
EZRA B. PIKE,

Selectmen of Hinsdale.

REPORT OF ENGINEERS

The Board of Engineers submit the following report.

The Department is in good working condition.

We recommend the installing of an electric fire alarm.

March 8th, 1922, Stebbins Block, total loss.

April 28, 1922, D. P. Welch Garage, total loss.

April 28, 1922, Mrs. Sarah Welch Boarding house,
chimney fire.

Oct. 4, 1922, Bakery, total loss.

Oct. 27, 1922, Joe Bells house, slight loss.

Dec. 28, Wrights Cornfield, false alarm.

Dec. 30, Town Hall, partial loss.

Jan. 30, 1923, White Washburne, slight loss.

Feb. 8, 1923, Mrs. Mary Hannon, chimney fire, no loss.

Respectfully submitted,

CLARENCE D. FAY,

Chief.

H. J. Delphy, First Assistant.

J. P. McCaughern, Second Assistant.

R. S. Howe, Third Assistant.

F. J. Young, Fourth Assistant.

TREASURER'S REPORT

Yearly salary, 50 firemen	\$597.00	
Extra time	529.10	
Use of team	3.00	
	<hr/>	\$1,129.10

By order of town treasurer, \$1,129.10

Respectfully submitted,

J. P. McCAUGHERN,

Audited, January 13, 1923.

JOHN E. SCOTT, Town Auditor.

Town Auditor.

REPORT OF HEALTH OFFICER

The year past has been quite free from contagious diseases, with only two cases of diptheria and three cases of measles reported.

There may have been other cases, but if so no notice has been received.

All cases should be reported, so that adequate means can be taken to prevent the spread of such diseases.

Do not neglect vaccination, see to it that children are properly attended to before entering school, as a safeguard to them and also to the general public. There has been considerable smallpox in nearby states the past year, and no one knows in these days of travel when a case may reach our community, so be on the safe side.

It should not be necessary to say anything about a good spring clean-up, but it will do no harm to call attention to it, so as soon as possible after spring opens, clean up, especially all breeding places of flies.

There has been a great deal of carelessness in regard to dumping offensive matter at the dumping ground.

The dumping of decayed or decaying matter, be it vegetable or animal must not be practiced. This matter

together with anything that can be burned should be either burned or buried.

Burn waste paper instead of throwing it on the dump.

Our nurse has done fine work this year and I sincerely hope the town will make an appropriation for a continuance of the same. Am glad to say that the health department has been able to keep within the appropriation this year.

Respectfully submitted,

WILLIAM G. BOOTH,

Health Officer.

REPORT OF CHAIRMAN OF NURSING COMMITTEE

To the selectmen and citizens of the Town of Hinsdale:

This is the closing of the third year of Red Cross nursing. Miss M. J. Barron having been your nurse since November, 1921. Without a doubt we never would be willing to go back to the old condition of being without a nurse.

At the April meeting of the Executive Board it was voted to increase the nurse's salary to \$125 per month commencing May, 1922.

During the month of May over 100 children in the grades who had not previously had measles were attended to by the nurse and therefore needed less medical attention.

On July 23 five children were taken to Franklin County Hospital at Greenfield, Mass., accompanied by the nurse and local physician, where they were operated upon by a Doctor from Springfield, Mass. for tonsils and adenoids. These children were brought home the following day.

Jennie Bishop who had infantile paralysis when two years of age and now seven years old has been taken to Boston to the Children's Hospital four times by the nurse and is now wearing a jacket which she had made

November 4. Every one should be interested in her improvement.

Nearly 1000 bedside visits have been made this past year. How many have said, "I little thought, until I had occasion to call the nurse, how much comfort she could give a patient in the short time she stayed. Really, she could do more in one-half hour than I could do in a whole forenoon."

Dr. Lachaine and the nurse have inspected pupils in the Bridge St. School and Chestnut Hill. The pupils in the lower grades are still enjoying milk served at the morning recess.

Respectfully submitted,

EVA N. Fay,

Chairman of the Nursing Committee.

February 13, 1922.

LIBRARY REPORT

The following report of the Hinsdale Public Library and Reading Room for the year ending Feb. 1st, 1923, is hereby submitted.

Total circulation for the year	14,841
Adult fiction	7,249
Adult non-fiction	907
Juvenile fiction	4,105
Juvenile non-fiction	1,015
Magazines	1,565
Largest monthly circulation, April	1,552
Smallest monthly circulation, June	1,101
Largest daily circulation, Feb. 25	157
Average daily circulation	55
Per cent of fiction	76
Volumes added by purchase	213
Fiction	153
Non-fiction	60
Books presented	25
Reading Room attendance	5,541
Largest daily, Nov. 13	44
Average	20

The total circulation of books for the year of 1922, had the library not been closed because of the fire would have nearly equaled that of the previous year. This is

a very large circulation in proportion to the population, and a fact of which the town may well be proud, as it averages approximately ten books a year to every person in Hinsdale.

The circulation of juvenile books exceeds that of the previous year by 596, more than 115 of which are non-fiction. This increase in the use of children's books is very gratifying, and is due largely to the interest stimulated by the Vacation Reading Club for boys and girls. Of the 30 pupils who have joined the club, 19 completed the course and received certificates, a total of 227 books having been read. Several public spirited citizens assisted the trustees and librarian in giving a very enjoyable picnic to these young people.

The Rainbow Reading Circle for adults has proved to be a source of enjoyment, and also well worth while to all its members, though owing to conditions brought about by the fire, its activities have been temporarily suspended.

Good Book Week was observed by a library exhibit of books and posters, arranged in the store of C. A. Holland & Son. This gave the passerby an opportunity to see some of the good books being added to the library, as well as advertising what the library has to offer, to the many who do not patronize it.

The library has taken advantage of the plan of inter-library loans, and has borrowed books from the N. H. State Library, and from the public libraries of Keene, N. H. and Brattleboro, Vt.

Several books have been rebound at the National Library Bindery Company in Springfield, Mass., and more than 275 volumes have been repaired in the library.

Of the books presented, several beautifully illustrated volumes on Japan, were given by the late Mrs. P. F. Amidon.

Since the fire of Dec. 30th, the library has been located in the basement of the Baptist Church.

On September 1st, Miss Ellen Brown, who has been our efficient librarian for the past few years, resigned to accept the position of librarian at Norwich University, Northfield, Vt. The vacancy was filled by Miss Hilda Sawyer, of the Springfield City Library staff, of Springfield, Mass.

By the will of Mrs. P. F. Amidon, the library will receive a bequest of \$10,000, the income of which is to be used for "books of reference, or books of similar nature which would be especially useful in the education of the children of Hinsdale."

Our library is constantly growing in its usefulness from year to year, and it would seem to the trustees

and public who are familiar with its demands, that some action should now be taken to provide for extra room covering its need for a period of years.

The Reading Room has now accommodations for hardly half the number who, at times, desire to take advantage of its privileges.

The addition of books can be taken care of for but a very few years in advance, and if our library is to continue to grow and meet the demands made upon it, now would seem to be the time, while our town hall is being rebuilt, to make these changes.

Petty cash in the hands of the librarian is as follows:

Balance on hand, February 1, 1922	\$65.22	
Received for fines, old papers etc.	48.35	
	<hr/>	\$113.57
Expended for supplies and expenses	\$41.07	
Balance on hand	72.50	
	<hr/>	\$113.57

Unexpended funds, consisting of the Hooker fund, interest on Althea Stearns fund, interest on Abbott H. Jones fund, \$466.17.

FREDERICK S. LEONARD,
M. E. FISHER,
L. J. DAVIS,
Library Committee.
HILDA M. SAWYER,
Librarian.

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the town of Hinsdale, Qualified to vote in District Affairs:

You are hereby notified to meet at the Grand Army Hall in said District on Saturday, the 17th day of March, 1923, at three o'clock in the afternoon to act on the following subjects:

Article 1. To choose a moderator for the ensuing year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a treasurer for the ensuing year.

Article 4. To choose a member of the Board of Education for the ensuing three years.

Article 5. To hear the reports of agents, auditors, or officers heretofore chosen, and pass any vote in relation thereto.

Article 6. To see how much money the district will vote to raise and appropriate for the support of the schools for the ensuing year, in addition to the amount required by law.

Article 7. To see if the District will vote to raise and appropriate the sum of \$1,400.00 to place a partition in the Jr. High Room thereby making two class rooms, and to employ a teacher for each class, or act in any manner thereon.

Article 8. To see if the district will vote to raise and appropriate the sum of \$600.00 to rearrange the laboratory in the High School Building, and purchase a laboratory table, or act in any manner thereon.

Article 9. To transact any other business that may properly come before said meeting.

Given under our hands and seal, in said Hinsdale, this the 15th day of February, A. D. 1923.

L. JEANETTE DAVIS,
M. D. WHITE,
JESSE W. FIELD,

Board of Education.

A true copy of warrant. Attest:

L. JEANETTE DAVIS,
M. D. WHITE,
JESSE W. FIELD,

Board of Education.

J. W. FIELD,

Chairman.

HEADMASTER'S REPORT

To the Superintendent of Schools and Board of Education :

The Headmaster of the Hinsdale High School submits the following report of his school Enrollment:—The total enrollment of the High School at the present time is 48. At the beginning of the school year it was 53. The membership is here given by classes :

	Girls	Boys	Total
Freshmen	8	6	14
Sophomores	8	6	14
Juniors	7	7	14
Seniors	4	2	6
Special students	1		1

Attendance:—The attendance of the school for the first twenty weeks has been very good, averaging 96.6 percent. The following pupils have not been absent from any session for the above period :

Thomas Golden	Rufus Perham
Lewis Howe	Esther Smith
Kenneth Hale	Delphine Passeneau
Phillip Langille	Leonard Young

Teachers—The teaching staff, including the headmaster has been new this year. This year Miss Evelyn

Bailey, a graduate of Bates College, is the Foreign Language teacher. Miss Charlotte Sheehan, a graduate of Plymouth Normal School, is the History teacher. Miss Ruth Raymond, a graduate of Keene Normal School, is the English teacher. Miss Florence Hoeh, a graduate of Framingham Normal School, is the Domestic Science teacher. The headmaster, a graduate of the University of Vermont, is the Mathematics and Science teacher.

Progress—In line with the larger cities and towns of the country, a start has been made towards the establishment of a Junior High School. The seventh and eighth grades have been moved to the High School building. They have been receiving departmental training, or in other words, they have classes with five teachers, instead of one as formerly. While insufficient time has elapsed to judge the full benefits derived by the change, I am sure they will be well worth the added expense.

Improvements—The headmaster hopes the citizens of Hinsdale will give the School Board authority to change the science laboratory. At present it is very poorly arranged and there is a lack of table space for the pupils to work. This tends to confusion and makes the best work impossible. The laboratory periods have to be divided so each pupil gets only half the time which he should for experiments in Physics and Chemistry.

I also hope we may have another teacher in the Junior High School so that we may be approved by the State Department of Education as a Junior Senior High School.

The headmaster wishes to thank all those who have aided him and his teachers in the school work of Hinsdale.

Respectfully submitted,
WILFRED G. BODINE,

TO THE SUPERINTENDENT AND BOARD OF EDUCATION, HINSDALE, N. H.

The Domestic Arts course is considered one of the important courses in the elementary and secondary schools today. This course aids the girls in the vocation of home-making.

Sewing is begun in the fifth grade, and the girls are taught the fundamental stitches. The projects for this grade are holders, bags, needlebooks, and towels. Some of the simple fancy stitches, as blanket stitch and outline stitch, are taught. Machine stitching is taught in the sixth grade and the girls make underwear, using commercial patterns, and cooking aprons for the next year. Darning and patching are included in the projects of both years.

Cooking is started in the seventh grade. In this course the girls are taught how to cook simple and economical foods. The subject of menu-making is discussed, and several luncheons are served during the year. The work in the eighth grade begins in the Fall with preserving. More difficult things are made both for the well and for the sick. The serving of meals is also a part of this course. Housekeeping is considered both of these years, as it is just as important for a girl to know how to wash dishes, sweep and dust, as it is for her to know how to cook.

This year the course in Home Nursing and Physiology is given in both the freshman and sophomore classes. This is to prepare the girls in the correct ways of caring for the sick and convalescent. It also familiarizes the girls with the different parts and functions of the body, in order that they may care for themselves and others more intelligently. Time is also spent in cooking for the sick, which gives the pupils experience in preparing and serving food as attractively as possible.

The course in Household Organization given in the third year involves getting the home planned and organized. House plans are made, taking into consideration conditions which will make the home sanitary, attractive and convenient with due regard to expense.

Household Management, which is the course given in the fourth year, deals with the financial affairs of the household. Each girl prepares for herself assumed budgets at different salaries taking into consideration the environment and occupation of the wage-earner.

Quite a few members of the Junior High, as well as a few members of the Senior High, are very much interested in basketry classes which are held after school, two afternoons a week. Although this is entirely outside of the regular school work, the pupils take a great deal of interest in the making of attractive and useful reed articles. They have made already several baskets, coaster trays, serving trays, and bud vases.

Respectfully submitted,

FLORENCE M. HOEH.

TO THE BOARD OF EDUCATION AND
CITIZENS OF HINSDALE, N. H.

I hereby submit my second annual report as Superintendent of Schools. It is a report of encouraging progress and satisfying progress on the part of teachers and pupils.

The plan of organization and supervision entered upon early in the school year of 1921-22 has been carried through with gratifying results. The periodic use of standardized tests in all the schools has made it possible for the superintendent to keep in close personal touch, not only with the work of the teachers, but with the work of each individual pupil. It has enabled him to locate, definitely, the specific weaknesses of pupils, classes, and teachers, and to discuss, intelligently, with teachers as to how best to go about it to improve undesirable conditions wherever they might exist. After locating, definitely, the weak points of pupils or whole classes by use of the tests, teachers have been enabled to concentrate their teaching efforts where they would do the most good. The interest of the pupils themselves in the test results has led to a much greater degree of spontaneous effort than is found among the pupils of most schools wherein the tests are not used.

The result has been rapid progress in the efficiency of school work. Last year the Hinsdale schools were re-

ported, in spite of the splendid financial support of the citizens for years past, to be from one-half to one and a half grades below the average for the nation. At present, they average less than a half year below with continued efforts bidding fair to place them, by the first of June, well up to national standards. Then the schools of Hinsdale will be on a par with the best schools of the country so far as actual achievement in school work is concerned. The interested efforts and willing cooperation of the teachers in bringing about these results deserve our highest praise.

The elementary teachers in the village are the same as last year with the exception of Miss Mildred Pearson who succeeded Mrs. Smith as teacher of the fifth grade. Miss Stearns teaches the sixth grade instead of the seventh and eighth, which are now included in the High School.

The High School teaching force is entirely new and, under the able leadership of Headmaster W. G. Bodine, is fast developing an efficient Junior-Senior H. S. organization. A few words about the new H. S. plan may not seem amiss to citizens unfamiliar with the form and purpose of modern high school organization. Last fall the Hinsdale school system was reorganized on what is known as the six-six plan; that is, six years of elementary school and six years of high school. Under

this plan the H. S. begins with the seventh grade. Of the many advantages claimed for this type of organization, the two outstanding ones are: first, the bridging of the gap between elementary and high school subjects and methods of teaching; second, the greater efficiency of departmentalized teaching. Under the older form of organization, the sudden change from the elementary school subjects and methods of teaching, together with the much greater degree of independent effort and self reliance required of H. S. pupils, brought about the discouragement and failure of many first year pupils. The newer type of organization eliminates this danger by gradually introducing the pupils to high school subjects and methods in the seventh and eighth grades under the supervision of specially trained Junior H. S. teachers.

By departmentalized teaching we mean teaching so organized that each teacher handles only one subject or a small group of closely related subjects. That is, one teacher teaches all the English, another all the science, another all the mathematics, and so on. Under the old system one teacher taught all the subjects in her grade. No one can be an expert in everything. Consequently the subjects in which the teacher was most interested were apt to be overemphasized to the neglect of others just as important but in which the teacher

was not particularly interested. Under the new plan each teacher is a specialist teaching the things she likes best and can teach best. The possibilities of increased teaching efficiency in such a system should be plainly obvious. Another advantage is the fact that the seventh and eighth grade pupils come in contact with several teachers each day and so are not entirely under the influence of a single personality during these character-forming years of beginning adolescence. Hence the benefits of departmentalized teaching is probably the chief advantage of the six year High School.

At present Hinsdale is not realizing the full advantages of this type of organization because there are not teachers enough to make complete departmentalization possible. Each of the teachers has to handle one or more classes which they are not specially fitted to teach. Another teacher would enable us to do the thing right. With another strong teacher on the staff, one who could take charge of the main room part of the time, the Headmaster could take over the manual training department and thus save the expense of a special manual training teacher toward paying the salary of the additional teacher.

There is one improvement greatly needed at the H. S. Building. The laboratory facilities are far from satisfactory. I venture to recommend that a modern, well-

equipped science laboratory be established.

For the present, the High School Laboratory could be rearranged and more equipment added, thereby helping this department. At present only ten can work at the laboratory table. Another table is needed as our classes number at least twenty.

The rural schools are progressing finely in the hands of capable teachers. Miss Edme Levasseur is again teaching on Chestnut Hill. Miss Margaret Coll is teaching the Plain School and Miss Mary Turner the Monument School.

It is with sincerest thanks and appreciation of your splendid support of schools, teachers and superintendent that I present this report for your most earnest consideration.

SAMUEL S. BROOKS,
Superintendent of Schools.
